

ABSOLUTE RECOVERY

La renovación celular es un proceso clave para la salud de nuestro rostro.

ABSOLUTE RECOVERY es una nueva línea de ácidos químicos de nueva generación, diseñados y formulados exclusivamente para el uso profesional.

Una línea para personalizar, tratar y acelerar de una forma eficaz y segura la regeneración celular y corregir imperfecciones de la piel. La clave para restablecer este proceso está en eliminar las células muertas y estimular su ciclo de regeneración mediante la exfoliación.

ACTIVOS

- **Azelaico:** queratolítico, antiageing (antioxidante), despigmentante, anti-acne (antinflamatorio, antimicrobiano). Reduce rojeces y procesos de rosácea.
- **Ácido Láctico:** hidratante, astringente y renovador celular.
- **Ferúlico:** antioxidante, regenerador, neutraliza los radicales libres, protege y potencia las defensas de la piel. Previene del envejecimiento, pigmentaciones y oxidación celular.
- **Pirúvico:** queratolítico, hidratante y antiageing. Minimiza cicatrices, manchas y otras imperfecciones de la piel. Unifica y aclara el tono de la piel. Aporta mucha luminosidad.
- **Salicílico:** queratolítico y detoxificante. Combate la grasa. Anticomедogénico, antiinflamatorio, astringente y antimicrobiano.
- **Shikímico:** gran exfoliante y renovador de la piel. Antioxidante, antibactericida. Regenerador e iluminador de la piel.
- **Succínico:** queratolítico, antioxidante (anti-ageing). Detoxificante, energizante y seboestático. Aumenta la hidratación.
- **Aceite de Jojoba:** antioxidante, hidratante, emoliente, protector. Nutre en profundidad, repara y combate arrugas y líneas de expresión.
- **Aceite de Rosa Mosqueta:** gran regenerador, reparador y cicatrizante. Antioxidante y antienvejecimiento.
- **Ácido 18B Glicirréxico:** calmante, cicatrizante, anti-inflamatorio y anti-prurito.
- **Ácido Hialurónico de APM:** filmógeno, hidratante, unifica el tono de la piel, refuerza el manto hidrolipídico.
- **Alantoína:** efecto cicatrizante y regenerador.
- **Aloe Vera:** calmante, refrescante, regenerador e hidratante.
- **Bisabolol:** extracto de camomila, con importante acción calmante, descongestiva, estabilizante, proporcionando una piel fresca, lisa y suave.
- **Escualano:** emoliente con propiedades hidratantes y protectoras. Evita reacciones alérgicas. Disminuye las líneas de expresión.
- **Extracto Proteico de Caracol:** reparador, purificante-antibactericida, hidratante, antioxidante, anti-irritante, reestructurante.
- **Manteca de Karité:** emoliente, antiinflamatorio y acción protectora frente a las radiaciones solares.
- **Peptide CA-6:** ayuda a normalizar las pieles más sensibles, reduce la inflamación frente a agentes alérgenos nocivos y aumenta la hidratación.
- **Pro Renew Complex:** acelera el proceso de regeneración.
- **Vitamina B3 (Niacinamida):** antioxidante, anti-ageing, antiinflamatorio y reduce la irritación. Matiza, aclara y unifica el tono de la piel.
- **Vitamina E:** antioxidante. Mejora la elasticidad y firmeza de la piel.

ABSOLUTE RECOVERY

PROTOCOLO ANTIEDAD / REGENERACIÓN

La combinación de ácido Pirúvico, Ferúlico y Succínico permite un efecto potenciador sobre la renovación de las células de la piel para contrarrestar el envejecimiento, acelerar la regeneración celular y potenciar la luminosidad.

Apto también para zonas corporales envejecidas o con falta de regeneración (como por ejemplo las manos).

OBJETIVOS

- Anti aging (antioxidante).
- Aumentar la hidratación.
- Corregir el envejecimiento. Difuminar arrugas y líneas de expresión.
- Eliminar las células muertas (efecto queratolítico)
- Estimular la síntesis de las fibras de colágeno y elastina
- Acelerar el metabolismo celular.
- Energizante.
- Proporcionar uniformidad al relieve de la piel y mejorar el estado de la piel
- Efecto blanqueador e iluminador de la piel.
- Rejuvenecedor (aumenta la elasticidad de la piel)
- Antioxidante (evitar los daños de los radicales libres)
- Recuperador (acelera la recuperación y mejora la apariencia de las cicatrizes)
- Detoxificante
- Acción seboestática (normaliza las glándulas sebáceas y minimiza visiblemente los poros).
- Anti acné (anti microbiano)

DURACIÓN Y PERIODICIDAD

- Se recomiendan de 6 a 8 sesiones (según problemática y criterio profesional).
- La frecuencia del tratamiento tiene que ser de una sesión por semana.

MANTENIMIENTO

- Si es necesario y bajo criterio profesional, el tratamiento se puede realizar dos veces al año (cada 6 meses)

ABSOLUTE RECOVERY

PROTOCOLO HIPERPIGMENTACIÓN / PIEL GRASA O CON TENDENCIA ACNEICA

La combinación de ácido Salicílico, Azelaico, Shikímico y Láctico, permite un efecto potenciado sobre la renovación de las células de la piel para contrarrestar las manchas y tratar la piel grasa o con tendencia acneica.

Apto también para zonas corporales con tendencia acneica, grasa o con manchas.

- OBJETIVOS**
- Acción seboestática (normalizar las glándulas sebáceas y minimizar visiblemente los poros).
 - Astringente y antimicrobiano.
 - Reducir la inflamación.
 - Antibacteriano (inhibe el Propionibacterium Acnés).
 - Queratolítico (ablanda la queratina del extracto córneo y acelerar la descamación).
 - Aumentar la hidratación.
 - Antioxidante (evita los daños de los radicales libres).
 - Energizante.
 - Reducir rojeces en pieles sensibles.
 - Reducir los procesos de rosácea.
 - Despigmentante (melasma, hiperpigmentación, fotopigmentación).
 - Acción blanqueadora y unificadora del tono de la piel.

- DURACIÓN Y PERIODICIDAD**
- Se recomiendan de 6 a 8 sesiones (según problemática y criterio profesional).
 - La frecuencia del tratamiento tiene que ser de una sesión por semana.

ABSOLUTE RECOVERY

PROTOCOLO ABSOLUTE RECOVERY

Desmaquillar / limpiar:

Cara, cuello y escote con All- In- One Nourishing Cleansing Oil (en el caso de ser una piel seca) o con Balance & Purifying Foaming Gel (en el caso de una piel grasa).

Tonificar el rostro con la ayuda de dos algodones humedecidos y dejar secar:
Hydro-Nourishing Toner

Brumizar con Thermal Mist. Dejar secar.

Desengrasar:

Pulverizar un algodón o gasa con Pre-peel. Degreasing & Unifying. A continuación, pasar por las zonas donde se aplicará el peeling (acción desengrasante).

Proteger zonas sensibles:

Aplicar vaselina en zonas sensibles como (labios, aletas de nariz, y extremo de los ojos y zona de ojeras).

Exfoliar:

Aplicar, Age Defying Intensive Peel (para regenerar y/o tratar el envejecimiento) y Unifying Intensive Peel (para las manchas o piel grasa y/o con tendencia acneica). Para ello, depositar en un bol pequeño la cantidad a utilizar y aplicar mediante pinceles abanico. Iniciar desde las zonas más resistentes a las más sensibles (frente, cuello, región submaxilar, mejillas, labio inferior y superior).

En la 1^a sesión, dejar actuar de 3 a 10 min dependiendo del grosor y características de la piel.

A partir de la 2^a sesión y si es necesario, se puede aumentar unos minutos, siempre bajo el criterio de la profesional.

Neutralizar:

A continuación bloquear la acción de los ácidos con, Neutralizer Anti-redness & Calming. Depositar en un bol, impregnar un pincel abanico y aplicar en las zonas donde se aplicaron los ácidos. Seguidamente retirar con abundante agua.

Complex:

Aplicar Active Regenerator y masajear suavemente hasta su completa absorción.

Crema SOS:

Aplicar SOS Cream y masajear suavemente hasta su absorción.

Mascarilla:

Para tratar las manchas aplicar Clarifying – Brightening Peel Off Mask.

Para tratar la piel grasa o con tendencia acneica, aplicar Detox – Oxygenating Peel Off Mask.

Para tratar el envejecimiento, aplicar Antioxidant Peel Off Mask.

Para tratar la regeneración, aplicar Regenerative Peel Off Mask.

Modo de uso de las mascarillas: Verter el contenido de los dos sobres en un bol. Mezclar energicamente con la ayuda de una espátula hasta conseguir una mezcla homogénea y aplicar la misma en cuello y rostro, pudiendo tapar ojos y labios. Transcurridos los 20 minutos del tiempo de exposición, retirar de una pieza.

Crema final:

Finalizar con la aplicación de SOS Cream y a continuación la protección, Sun Care Age Prevent Cream with Color SPF 50 o Sun Care Age Prevent Gel – Cream SPF 50.

ABSOLUTE RECOVERY

PROTOCOLO ABSOLUTE RECOVERY

ANTES DEL PEELING

- Evitar exposiciones solares.
- Evitar los rayos UVA.
- Evitar inyecciones de botox 15 días antes.
- Evitar depilación.
- Evitar el uso de cremas con retinoico.

DESPUÉS DEL PEELING

- Aplicar SOS Soothing and Recovery Cream siempre que sea necesario.
- Hidratar la piel siempre que sea necesario.
- Aplicar protector solar SPF 50.
- Evitar la luz solar directa hasta 15 días después de terminar el tratamiento.

ABSOLUTE RECOVERY

Cell rejuvenation is a key process for the health of our face.

ABSOLUTE RECOVERY is a new line of next generation chemical acids, designed and formulated exclusively for professional use.

A line to effectively and safely personalise, treat and accelerate cell regeneration and correct skin imperfections. The key to restoring this process is to remove dead cells and stimulate their regeneration cycle through exfoliation.

ACTIVE INGREDIENTS

- **Azelaic acid:** keratolytic, anti-ageing (antioxidant), depigmenting, anti-acne (anti-inflammatory, antimicrobial). Reduces redness and rosacea processes.
- **Lactic acid:** moisturising, astringent and cell renewing.
- **Ferulic:** antioxidant, regenerating, neutralises free radicals and protects and boosts the skin's defences. Prevents ageing, pigmentation and cellular oxidation.
- **Pyruvic:** keratolytic, moisturising and anti-ageing. Minimises scars, blemishes and other skin imperfections. Evens and lightens skin tone. Provides great luminosity.
- **Salicylic:** keratolytic and detoxifying. Fights fat. Anticomедogenic, anti-inflammatory, astringent and antimicrobial.
- **Shikimic:** great exfoliator and skin renewer. Antioxidant, antibacterial. Skin regenerator and brightener.
- **Succinic:** keratolytic, antioxidant (anti-ageing). Detoxifying, energising and sebum-static. Increases hydration.
- **Jojoba oil:** antioxidant, moisturising, emollient and protective. Deeply nourishes, repairs and fights wrinkles and expression lines.
- **Rosehip oil:** a great regenerator, repairer and healer. Antioxidant and anti-ageing.
- **18 β Glycyrrhetic acid:** soothing, healing, anti-inflammatory and anti-itching.
- **Hyaluronic Acid APM:** film-forming, moisturising, evens skin tone, strengthens the hydrolipid film.
- **Allantoin:** healing and regenerating effect.
- **Aloe Vera:** soothing, refreshing, regenerating and moisturising.
- **Bisabolol:** chamomile extract with significant soothing, decongesting, and stabilising action, providing smooth, soft, fresh skin.
- **Squalene:** emollient with moisturising and protective properties. Prevents allergic reactions. Diminishes expression lines.
- **Snail Mucus Extract:** repairing, purifying-antibacterial, moisturising, antioxidant, anti-irritant, restructuring.
- **Shea butter:** emollient, anti-inflammatory and protective action against solar radiation.
- **Peptide CA-6:** helps normalise sensitive skin, reduces inflammation against harmful allergens and increases hydration.
- **Pro Renew Complex:** accelerates the regeneration process.
- **Vitamin B3 (Niacinamide):** antioxidant, anti-ageing, anti-inflammatory, and reduces irritation. Mattifies, brightens and even out skin tone.
- **Vitamin E:** antioxidant. Improves skin elasticity and firmness.

ABSOLUTE RECOVERY

ANTI-AGEING / REGENERATION PROTOCOL

The combination of Pyruvic, Ferulic and Succinic acid has a boosting effect on skin cell renewal to counteract ageing, accelerate cell regeneration and enhance radiance.

Also suitable for ageing or lack of regeneration of the body (e.g. hands).

OBJECTIVES

- Anti-ageing (Antioxidant).
- Increases hydration.
- Corrects ageing. Fades wrinkles and expression lines.
- Removes dead cells (keratolytic effect).
- Stimulates the synthesis of collagen and elastin fibres.
- Accelerates cell metabolism.
- Energising.
- Provides even skin relief and improves the skin's condition.
- Skin regenerator and brightener.
- Rejuvenator (increases skin elasticity).
- Antioxidant (prevents free radical damage).
- Recuperator (accelerates recovery and improves the appearance of scars).
- Detoxifying.
- Sebum-static action (normalises sebaceous glands and visibly minimises pores).
- Anti-acne (anti-microbial).

DURATION AND FREQUENCY

- We recommend 6 to 8 sessions (depending on the problem and professional criteria).
- The frequency of treatment should be one session per week.

MAINTENANCE

- If necessary, and at professional discretion, treatment can be carried out twice a year (every 6 months).

ABSOLUTE RECOVERY

HYPERPIGMENTATION / OILY OR ACNE-PRONE SKIN PROTOCOL

The combination of Salicylic, Azelaic, Shikimic and Lactic acid allows for an enhanced effect on skin cell renewal to counteract blemishes and treat oily or acne-prone skin.

Also suitable for acne-prone, oily or blemished areas of the body.

OBJECTIVES

- Sebum-static action (normalises sebaceous glands and visibly minimises pores).
- Astringent and antimicrobial.
- Reduces inflammation.
- Antibacterial (inhibits Propionibacterium Acnes).
- Keratolytic (softens the keratin in the cutaneous extract and accelerates desquamation).
- Increases hydration.
- Antioxidant (prevents free radical damage).
- Energising.
- Reduces redness in sensitive skin.
- Reduces rosacea processes.
- Depigmenting (melasma, hyperpigmentation, photopigmentation).
- Brightens and evens out skin tone.

DURATION AND FREQUENCY

- We recommend 6 to 8 sessions (depending on the problem and professional criteria).
- The frequency of treatment should be one session per week.

MAINTENANCE

- If necessary, and at professional discretion, treatment can be carried out twice a year (every 6 months).

ABSOLUTE RECOVERY

ABSOLUTE RECOVERY PROTOCOL

Make-up removal/cleaning:

Face, neck and décolleté with All- In- One Nourishing Cleansing Oil (for dry skin) or with Balance & Purifying Foaming Gel (for oily skin).

Tone the face with the aid of two moistened cotton wool pads and leave to dry: Hydro-Nourishing Toner).

Mist with Thermal Mist. Leave to dry.

Degrease:

Spray a cotton or gauze pad with Pre-peel. Degreasing & Unifying. Then wipe over the areas where the peeling is to be applied (degreasing action).

Protect sensitive areas:

Apply petroleum jelly to sensitive areas (lips, nostrils, corners of the eyes and dark circles under the eyes).

Exfoliate:

Apply, Age Defying Intensive Peel (to regenerate and/or treat ageing) and Unifying Intensive Peel (for blemishes or oily and/or acne-prone skin). To do this, place the amount to be used in a small bowl and apply using fan brushes. Start from the most resistant to the most sensitive areas (forehead, neck, submaxillary region, cheeks, lower and upper lip).

In the first session, leave on for 3 to 10 minutes depending on the thickness and characteristics of the skin.

From the second session onwards and if necessary, it can be increased by a few minutes, always at the discretion of the professional.

Neutralise:

Next block the action of the acids with Neutraliser Anti-redness & Calming. Place in a bowl, soak a fan brush and apply to the areas where the acids were applied. Then rinse off with plenty of water.

Complex:

Apply Active Regenerator and massage gently until completely absorbed.

SOS Cream:

Apply SOS Cream and massage gently until absorbed.

Mask:

To treat blemishes apply Clarifying - Brightening Peel Off Mask.

For oily or acne-prone skin, apply Detox - Oxygenating Peel Off Mask.

To treat ageing, apply Antioxidant Peel Off Mask.

To treat regeneration, apply Regenerative Peel Off Mask.

How to use the masks: Pour the contents of the two sachets into a bowl. Mix briskly with a spatula until a uniform mixture is obtained and apply to neck and face, including eyes and lips if desired. Remove in one piece after 20 minutes exposure time have passed.

Final cream:

Finish by applying SOS Cream followed by Sun Care Age Prevent Cream with Colour SPF 50 or Sun Care Age Prevent Gel - Cream SPF 50.

ABSOLUTE RECOVERY

ABSOLUTE RECOVERY PROTOCOL

BEFORE PEELING

- Avoid sun exposure.
- Avoid UVA rays.
- Avoid botox injections 15 days before.
- Avoid hair removal.
- Avoid using creams containing retinoic acid.

AFTER PEELING

- Apply SOS Soothing and Recovery Cream whenever necessary.
- Moisturise the skin whenever necessary.
- Apply SPF 50 sunscreen.
- Avoid direct sunlight until 15 days after completion of treatment.

STEP BY STEP

ABSOLUTE RECOVERY

Il ringiovanimento cellulare è un processo fondamentale per avere un viso che si mostri in salute e al meglio. **ABSOLUTE RECOVERY** è una nuova linea di acidi chimici di nuova generazione, studiata e formulata esclusivamente per uso professionale.

Una linea per personalizzare, trattare e accelerare in modo efficace e sicuro la rigenerazione cellulare e correggere gli inestetismi della pelle. La chiave per ripristinare questo processo è rimuovere le cellule morte e stimolare il loro ciclo di rigenerazione attraverso l'esfoliazione.

INGREDIENTI ATTIVI

- **Acido azelaico:** cheratolitico, anti-età (antiossidante), depigmentante, anti-acne (antinfiammatorio, antimicrobico). Riduce gli arrossamenti e i processi di rosacea.
- **Acido lattico:** idratante, astringente e rinnovatore cellulare.
- **Acido Ferulico:** antiossidante, rigenerante, neutralizzaradicali liberi e protegge e potenzia le difese della pelle. Previene l'invecchiamento, la pigmentazione e l'ossidazione cellulare.
- **Acido Piruvico:** cheratolitico, idratante e anti-età. Riduce cicatrici, macchie e altre imperfezioni cutanee. Uniforma e schiarisce il tono della pelle. Fornisce una grande luminosità.
- **Acido Salicilico:** cheratolitico e disintossicante. Combatta il sebo. Anticomedogenico, antinfiammatorio, astringente e antimicrobico.
- **Acido Shikimico:** ottimo esfoliante e rinnovatore della pelle. Antiossidante, antibatterico. Rigenerante e illuminante della pelle.
- **Acido Succinico:** cheratolitico, antiossidante (anti-invecchiamento). Disintossicante, energizzante e sebo-regolatore. Aumenta l'idratazione.
- **Olio di jojoba:** antiossidante, idratante, emolliente e protettivo. Nutre in profondità, ripara e combatte le rughe e i segni di espressione.
- **Olio di rosa mosqueta:** grande rigeneratore, riparatore e guaritore. Antiossidante e antietà.
- **Acido glicirretico 18β:** lenitivo, cicatrizzante, antinfiammatorio e antipruriginoso.
- **Acido ialuronico HMW:** filmogeno, idratante, uniforma il tono della pelle, rafforza il film idrolipidico.
- **Allantoina:** effetto cicatrizzante e rigenerante.
- **Aloe Vera:** lenitiva, rinfrescante, rigenerante e idratante.
- **Bisabololo:** Estratto di camomilla con una significativa azione lenitiva, decongestionante e stabilizzante, per una pelle liscia, morbida e fresca.
- **Squalano:** emolliente con proprietà idratanti e protettive. Previene le reazioni allergiche. Attenua le rughe d'espressione.
- **Estratto di mucopolisaccaridi della Lumaca:** riparatore, purificante-antibatterico, idratante, antiossidante, anti-irritante, ristrutturante.
- **Burro di karité:** azione emolliente, antinfiammatoria e protettiva contro le radiazioni solari.
- **Peptide CA-6:** aiuta a normalizzare la pelle sensibile, riduce l'infiammazione da allergeni nocivi e aumenta l'idratazione.
- **Pro Renew Complex:** accelera il processo di rigenerazione.
- **Vitamina B3 (Niacinamide):** antiossidante, antinvecchiamento, antinfiammatoria e riduce le irritazioni. Opacizza, illumina e uniforma il tono della pelle.
- **Vitamina E:** antiossidante. Migliora l'elasticità e la compattezza della pelle

ABSOLUTE RECOVERY

PROTOCOLLO ANTI-ETÀ / RIGENERANTE

La combinazione di acido piruvico, ferulico e succinico ha un effetto stimolante sul rinnovamento cellulare della pelle, contrastando l'invecchiamento cutaneo, accelerare la rigenerazione cellulare e migliorare la luminosità della pelle.

Adatto anche per l'invecchiamento o la mancanza di rigenerazione della pelle del corpo (ad es. le mani).

- OBIETTIVI**
- Azione Anti-età (antiossidante).
 - Aumentare l'idratazione.
 - Correggere l'invecchiamento. Attenuare rughe e segni di espressione.
 - Rimuovere le cellule morte (effetto cheratolitico).
 - Stimolare la sintesi del collagene ed elastina.
 - Accelerare il metabolismo cellulare.
 - Energizzante.
 - Fornire un sollievo uniforme alla pelle e migliorare le condizioni.
 - Rigenerante e illuminante della pelle.
 - Ringiovanente (aumenta l'elasticità della pelle).
 - Antiossidante (previene i danni dei radicali liberi).
 - Accelerare il recupero nelle cicatrici e migliorarne l'aspetto.
 - Detossinante.
 - Azione sebo-regolatore (normalizzare le ghiandole sebacee e minimizzare visibilmente i pori).
 - Antiacne (antimicrobico).

- DURATA E FREQUENZA**
- Si consigliano da 6 a 8 sedute (a seconda della problematica estetica da trattare, a discrezione del professionista).
 - La frequenza del trattamento dovrebbe essere di una seduta alla settimana.

- MANTENIMENTO**
- Se necessario, e a discrezione del professionista, il trattamento può essere effettuato due volte l'anno (ogni 6 mesi).

ABSOLUTE RECOVERY

PROTOCOLLO PER L'IPERPIGMENTAZIONE / PELLE GRASSA O A TENDENZA ACNEICA

La combinazione di acido salicilico, azelaico, shikimico e lattico consente di potenziare l'effetto di rinnovamento cellulare della pelle per contrastare le macchie e trattare la pelle grassa o acneica.

Indicato anche per le zone del corpo a tendenza acneica o pigmentate.

- Azione sebo-regolatore (normalizza le ghiandole sebacee e minimizza visibilmente i pori).
- Astringente e antimicrobico.
- Riduce l'infiammazione.
- Antibatterica (inibisce il Propionibacterium Acnes).
- Cheratolitico (ammorbidisce la cheratina e ne accelera la desquamazione).
- Aumenta l'idratazione.
- Antiossidante (previene i danni dei radicali liberi).
- Energizzante.
- Riduce i rossori della pelle sensibile.
- Riduce i processi di rosacea.
- Depigmentante (melasma, iperpigmentazione, fotopigmentazione).
- Illumina e uniforma il tono della pelle.

OBBIETTIVI

- Si consigliano da 6 a 8 sedute (a seconda della problematica estetica da trattare, a discrezione del professionista).
- La frequenza del trattamento dovrebbe essere di una seduta alla settimana.

DURATA E FREQUENZA

- Se necessario, e a discrezione del professionista, il trattamento può essere effettuato due volte l'anno (ogni 6 mesi).

MANTENIMENTO DOMICILIARE

ABSOLUTE RECOVERY

PROTOCOLLO ABSOLUTE RECOVERY PEELING INTENSIVO

PROTOCOLLO

Rimozione del trucco/detergente:

Viso, collo e décolleté con All- In- One Nourishing Cleansing Oil (per pelli secche) o con Balance & Purifying Foaming Gel (per pelli grasse).

Tonificare il viso con l'aiuto di due batuffoli di cotone inumiditi, lasciare asciugare:
Hydro-Nourishing Toner

Nebulizzare con Thermal Mist. Lasciare asciugare

Sgrassare:

Spruzzare un batuffolo di cotone o di garza con Pre-peel. Degreasing & Unifying. Passare quindi sulle zone in cui si vuole applicare il peeling (azione sgrassante).

Proteggere le zone sensibili:

Applicare della vaselina sulle zone sensibili (abbraccia, narici, angoli degli occhi e occhiaie).

Esfoliazione:

Applicare Age Defying Intensive Peel (per rigenerare e/o con azione anti age)

oppure

Unifying Intensive Peel (per macchie o pelle grassa e/o acneica).

Versare la quantità di prodotto necessaria in una piccola ciotola e applicare con pennello a ventaglio.
Iniziare dalle zone più resistenti a quelle più sensibili (fronte, collo, regione sottomascellare, guance, labbro inferiore e superiore).

Nella prima seduta, lasciare in posa da 3 a 10 minuti a seconda dello spessore e delle caratteristiche della pelle.

A partire dalla seconda seduta e se necessario, si può aumentare di qualche minuto, sempre a discrezione del professionista.

Neutralizzare:

Bloccare quindi l'azione degli acidi con Neutraliser Anti-redness & Calming. Mettere il prodotto in una ciotola, imbevere un pennello a ventaglio e applicare sulle aree in cui sono stati applicati gli acidi.
Risciacquare con abbondante acqua.

Attivo:

Applicare Active Regenerator e massaggiare delicatamente fino a completo assorbimento.

SOS Cream:

Applicare SOS Cream e massaggiare fino ad assorbimento.

Maschera:

Per trattare le imperfezioni, applicare Clarifying - Illuminating Peel Off Mask.

Per la pelle grassa o a tendenza acneica, applicare la maschera Detox - Oxygenating Peel Off.

Per un azione Anti Age, applicare la Maschera Antioxidant Peel Off.

Per trattare la rigenerazione, applicare la Maschera Regenerative Peel Off.

Come utilizzare le maschere: Versare il contenuto delle due bustine in una ciotola. Mescolare energicamente con una spatola fino a ottenere un composto uniforme e applicare su collo e viso, compresi gli occhi e le labbra se lo si desidera.

Rimuovere in un unico pezzo dopo 20 minuti di posa.

Crema finale:

Terminare applicando la Crema SOS seguita dalla Crema con Sun Care Age Prevent Cream with Colour SPF 50 oppure Sun Care Age Prevent Gel - Cream SPF 50.

ABSOLUTE RECOVERY

PROTOCOLLO ABSOLUTE RECOVERY PEELING INTENSIVO

AVVERTENZE

PRIMA DEL PEELING

- Evitare l'esposizione al sole.
- Evitare raggi UVA.
- Evitare iniezioni di botox 15 giorni prima.
- Evitare la depilazione.
- Evitare l'uso di creme contenenti acido retinoico.

DOPO IL PEELING

- Appicare la crema lenitiva e di recupero SOS ogni volta che è necessario.
- Idratare la pelle ogni volta che se ne avverte la necessità.
- Appicare una protezione solare SPF 50 o superiore.
- Evitare la luce solare diretta fino a 15 giorni dopo il completamento del trattamento.
